NBPT Proposition 3. Teachers are responsible for managing and monitoring student learning  
 As evidenced by: **Assessment of student progress toward meeting objectives of lesson/skills:**

___ Types of questions asked predominantly (higher order vs. literal type questions etc.)	___ Teacher gives feedback and correctives
___ Students have tools for self-evaluation of student work (e.g. rubric, checklists)	___ Lesson/skills based on data/needs of students
___ Students know what exemplary work is	___ Grading/scoring is clear and easily understood
___ Performance data posted	___ Differentiation of assessment types is evident
