

# AIS NYSED 3-8 Compliance 2016-17

- ◆ The District will affirm our AIS policy this evening.
- ◆ The recent August 9 memo from NYSED requires that we show a description of the performance measures and scores used to determine AIS and publish for parents.
- ◆ We will post our policy and descriptions on our website and according to procedures will notify parents of the placements.
- ◆ The required scale score prescription from NYSED as described in the following slides will be used for AIS referrals.

# ELA AIS Process

- ◆ Students who score **below** the median scale score between level 2 and level 3 as provided by NYSED are identified as eligible for AIS. A color code is used to establish current referrals, students to watch, and students to add based on new information. Multiple assessments are used in addition to the state assessment as the high refusal rate does not provide information needed for all students. Measures include Achieve lexiles, DRA data, i-ready data and team assessments.

# 3-8 AIS Parent notification

- ◆ Parents are notified at entrance and exit points. Progress is reported to parents as well.
- ◆ Our AIS

# Mathematics AIS process

- ◆ After reviewing the state test scores and the AIS cut-off mandates, data charts are developed for each grade. AIS is referral is determined by analyzing state test scores, i-Ready diagnostic assessments and grade-level created local assessments to place students in math AIS. These same tools will be utilized to determine exiting the AIS program.
