

# PVES Summer Reading Challenge

July & August 2023

Who can participate:

Rising 1st graders - Rising 4th graders

## Thank You to Our Sponsors:

Maple Leaf Associates

CSEA

PVFT

Tax Brakes

Tompkins Landscaping Corp

Valley Daycare Center

As you know, all school year the children are working hard to improve their reading skills and strengthen their use of comprehension strategies. Their teachers require that they read regularly because reading often is the only way to become a better reader.

In order to maintain the level of reading achieved during the school year, daily reading must continue during the summer. Your child should read every day during the summer months when school is not in session!

To make this a little easier for you, we will continue with our Summer Reading Challenge. **Reading logs will be mailed home with Report Cards.**

## Details:

1. If your child reads at least 6 days a week and completes the log, they will be awarded a prize. If they do this all summer, they will be awarded a trophy in September and acknowledged at a school-wide assembly.
2. Rising 1st graders should read 20 minutes a day (6 days a week).
3. Rising 2nd, 3rd and 4th graders should read 30 minutes a day (6 days a week).
4. Bring the log into school on most Tuesdays to collect a prize, or hand in the log in September. (The log has all the dates listed to claim a prize.)

**Please encourage your child to read each day.**

## PVES Annual Sustainability Fair 2023

Hello Families!

Beginning Monday, June 12th and ending on the 16th, our PVES students in Grades K- 4 are participating in our annual Sustainability Fair!

Each grade level will attend the fair a different day (see schedule below) and will be visiting 3 or 4 different stations where they will learn about different aspects related to Sustainability.

Grade 4	Grade K	Grade 1	Grade 2	Grade 3
Mon. June 12th	Tues. June 13th	Wed. June 14th	Thurs. June 15th	Fri. June 16th

Our students will enjoy an outdoor community lunch, where we are challenging students to see which grade-level can produce the **LEAST amount of trash!**

Please note that the School Offered lunch that day will be either a

**All beef Hot Dog or SunButter and Jelly sandwich, Apples and Chips; juice/milk.**

\*\*See Attached Lunch form and return to your child's teacher ASAP.

If students are ordering the school offered lunch we are encouraging them to bring in their own reusable water bottle and plate or container. There will be trays provided for those that need them. Students bringing lunch from home are encouraged to use reusables to pack their lunches!

**We want our students to know and understand that they have the ability to make a difference!**

One way that we can all begin to make a difference is by bringing in one or more of the following needed items that will go directly to our local food pantry. Donations can be dropped at the main office.

<i>Peanut Butter</i>	<i>Cereal</i>	<i>Soup</i>	<i>Tuna</i>	<i>Rice</i>	<i>Juice</i>	<i>Coffee/Tea</i>	<i>Pasta</i>
<i>Canned or dried beans</i>							

We all have the ability to make a difference and those differences will help to preserve our planet and ourselves for future generations!

**Attention 3rd graders:** Please bring in at least 1 recyclable item from home (cleaned plastic water bottle, can, egg carton, etc.) You will need it for one of your stations!

**Please keep in mind that the Sustainability Fair is taking place outside, so dress accordingly. Also, please remember to always check for ticks!**

Thank you for your support!

Mrs. Bruno & Mrs. Broas

## Feria Anual de Sostenibilidad PVES 2023

¡Hola Familias!

¡A partir del lunes 12 de junio y hasta el 16, nuestros estudiantes de PVES en los grados K-4 participarán en nuestra Feria Anual de Sostenibilidad!

Cada nivel de grado asistirá a la feria un día diferente (ver horario a continuación) y visitará 3 o 4 estaciones diferentes donde aprenderán sobre diferentes aspectos relacionados con la Sostenibilidad.

Grado 4	Kinder	Grado 1	Grado 2	Grado 3
lunes - 12 junio	martes - 13 junio	miércoles - 14 junio	jueves - 15 junio	viernes - 16 junio

¡Nuestros estudiantes disfrutarán de un almuerzo comunitario al aire libre, donde desafiamos a los estudiantes a ver qué nivel de grado puede producir la MENOS cantidad de basura!

Tenga en cuenta que el almuerzo ofrecido por la escuela ese día será un

**Hot dog o sándwich de SunButter y jalea, manzanas y papas fritas; jugo/leche.**

\*\*Vea el formulario de almuerzo adjunto y devuélvalo al maestro de su hijo lo antes posible.

Si los estudiantes están ordenando el almuerzo ofrecido por la escuela, los alentamos a que traigan su propia botella de agua reutilizable y plato o recipiente. Habrá bandejas para aquellos que las necesiten. ¡Se alienta a los estudiantes que traen el almuerzo de casa a usar artículos reutilizables para empacar sus almuerzos!

¡Queremos que nuestros estudiantes sepan y comprendan que tienen la capacidad de hacer una diferencia!

Una forma en que todos podemos comenzar a marcar la diferencia es traer uno o más de los siguientes artículos necesarios que irán directamente a nuestra despensa de alimentos local. Las donaciones se pueden dejar en la oficina principal.

<i>Mantequilla de maní</i>	<i>Cereal</i>	<i>Sopa</i>	<i>Atún</i>	<i>Arroz</i>	<i>Jugo</i>	<i>Café/Té</i>	<i>Pasta</i>
<i>Frijoles enlatados o secos</i>							

¡Todos tenemos la capacidad de marcar la diferencia y esas diferencias ayudarán a preservar nuestro planeta y a nosotros mismos para las generaciones futuras!

**Atención estudiantes de 3er grado:** traiga al menos 1 artículo reciclable de su casa (botella de agua de plástico limpia, lata, cartón de huevos, etc.) ¡Lo necesitará para una de sus estaciones!

Tenga en cuenta que la Feria de Sostenibilidad se lleva a cabo al aire libre, así que vístase en consecuencia. Además, ¡recuerde verificar siempre si hay garrapatas!

¡Gracias por tu apoyo!  
Sra. Bruno y Sra. Broas

# PVES Sustainability Fair 2023
